

# FULL SIZE REPLICA FOOTBALL HELMET

## CASE STUDIES

### SALES SUCCESS TRACKER

PNC bank had custom helmets made with their logos, the region and a stripe. These are displayed prominently in branches. When a new customer opened an account or a mortgage was sold they added custom award decals to the helmets. The helmets served as a reminder to all of their progress. The program has been repeated in other regions and has been enthusiastically received.

### PRIVATE EQUITY TRANSACTION AWARD

Private equity companies commemorate acquisitions and refinancings with an award to managers of the company, the bankers and the private equity partners. Information about the deal, the companies involved, private equity company and the bankers was printed on a custom helmet. Each helmet was personalized with the recipients names and presented at a reception.

### KEY DISTRIBUTOR GIFT

These full size helmets were used by the tire company as gifts for key distributors. They were decorated with company logos and a tire tread stripe in company colors. The helmets were very well received and are a great memento of a visit to the company HQ. Stripes can be flames, lightning bolts and more. They do not need to be solid colors.
